

ENDOWMENT LECTURE

BY DR. MAYILSAM Y ANNADURAI

Kulapathy Sri A.P.C. Veerabahu Memorial Endowment Committee for Science and Technology had organized a Special Lecture on “Space Research – Present and Future” by Dr. Mayilsamy Annadurai, Director, ISRO Satellite Centre, Bangalore on 20th August 2016 at V.O.Chidambaram College Auditorium, Thoothukudi.

Dr. R.S.Sundar, Site Director, Kudankulam Nuclear Power Project also graced the function with his magnanimous presence.

About 650 students from 32 Colleges affiliated to Manonmaniam Sundaranar University attended the Lecture.

Dr. Mayilsamy Annadurai enlightened the gathering with all the achievements of ISRO for the year 2015-16. He highlighted the navigating speed of the Satellite to Mars. He also proudly mentioned that India had successfully launched 10 various Satellites to study the changes in Mass Communication, Weather Conditions and other related domains.

In his crystal clear presentation he focused on the progressive projects including Chandrayaan-II which would be launched with GSLV in 2017-18. He then added on ISRO's mission to launch 70 Satellites, each Satellite a month respectively ,in the next 4 years.

During the interacting session with the students, he threw light on opportunities on how to apply for ISRO Projects.

Thereby he concluded by steering the young minds to play a significant role in the scientific development of our nation.

Sri.A.P.C.V.Chockalingam, Secretary, V.O.Chidambaram College, Dr.C.Veerabahu ,Principal, V.O.Chidambaram College, Members of the V.O.C Educational Society ,Mr. Chelliah, ,DEO, Kovilpatti, Members of the Endowment Committee, Members of the Staff of V.O.Chidambaram College and other Colleges were the other delegates who were present.
